

A community project of The Rotary Club of Hall 

**20 February 2016 - Proudly Authentic**

### Manager's moment...

Good morning everyone and welcome to market day!! A big thank you to Nynka for being on duty today and allowing me to be in Kangaroo Valley; yep, it's a tough job but someone has to do it .....

Stallholder update: **Don Smith – Don Smith Horticulture** will be leaving us as his season comes to an end but we'll see him back in October and joining us today is **Peter Bottomley – Ingelara** who will be selling apples from site No 134, and also back after an extended break due to the hot weather **Bec – It's a Sweet Life** who has been re-located to site No 68.

I have noticed lately that there are several of you really pushing the limit when it comes to no traffic movement after 7.00am in the market area. Please make sure you allow enough time to be in, unloaded and your vehicle removed before the cut off time; although our official opening time is 7.30am, there are a lot of shoppers already in the shed before this time and we don't want any unfortunate accidents occurring. Thank you for your co-operation...

That's it from me, I'll see you all on 5 March, have a good one – Adrienne ☺

### Qantas Travel Insider...

The airlines inflight magazine, has just published an article on the best markets in Canberra and guess who features??? You can check it out on the link below: <http://travelinsider.qantas.com.au/australia/australian-capital-territory/canberra/the-best-markets-in-canberra/>

Good to know we're flying high!!!

### Royal Canberra Show...

**NO market next week - 27 February 2016**

Please remember to remove all items you normally leave in the shed and pack up and vacate as soon as possible – Rotarians will be on site with blowers waiting to clean up and prepare for the sheep and alpaca pen assembly and everyone is on a time limit. I know you will all do the best you can, but my advice is if you don't want to be showered in sh\*t.....get out quick!!

### Making Changes to your Webpage...

Your webpage is the window to your business here at the market; the beginning of a new year is a good time to review and update your details. Please take the time to check and verify the information displayed on your page and in particular your email address and phone numbers. Email any changes you would like made to me, you wouldn't want to miss out on opportunities because your contact details are out of date. Keep it current and fresh!

### Base Open Day...

The Snowy Hydro SouthCare Base Open Day is a chance for the community to get close up & observe the operations of our local rescue helicopter service. It's being held on **Sunday 20<sup>th</sup> of March from 10:00am-3:00pm at the helicopter base at Hume.**

The event continues to grow and in 2015 almost 8,000 people attended the event. Apart from the attraction of seeing the chopper up close and meeting the crew, the day also includes helicopter joy flights, musical acts, entertainment, kids rides, other activities as well as food vendors and market stalls. In recognition of the wonderful support the service has received from the Capital Region Farmers Market they would like to offer an opportunity for stallholders to attend and be involved on the day. If any of you are interested, they will waive the regular market stall fee for CRFM members and offer obligation free powered sites. For further information or to register your interest please contact: Simon Cosier [scosier@snowyhydrosouthcare.com.au](mailto:scosier@snowyhydrosouthcare.com.au)

### Death Cap Mushrooms...

Have been found growing in several locations in the ACT due to the recent wet and warm weather. They grow near established Oak trees in late summer and autumn; all parts of the mushroom are poisonous and eating just one can be fatal, cooking does not make them safe to eat so beware!!
