21st April 2018 – Proudly Authentic

Hi there,

I hope you've all been well. I had a lovely time overseas. The highlight of my trip was most definitely Berlin and Zermatt. I visited a few markets in Italy and was amazed at some of the setups; marquees built into the tops of vans. I saw very few sneeze guards and plenty of stallholders smoking at their stands. I had some of the best experiences on this trip; but it is lovely to be back. I look forward to seeing you all. Have a great weekend.

Karen.

Filming at the market today ...

Threesides will be at the CRFM early this Saturday morning to film and take images of stallholders for CRFM new marketing campaign. Please let me know if you do not want to be filmed and will let Threesides know.

Roller Doors & EPIC

Last weekend someone damaged one of the roller doors but then sort of fixed it again. That's great, but it was fixed in such a fashion that it had become dangerous and required an inspection by EPIC, who then called in someone to fix it properly, at a cost to the market. Please be careful with the doors and report any damage immediately.

Stallholder Meeting 28 April 2018

Don't forget that there is a stallholder meeting at the German Shepherd Club at 12.00pm on 28th April.

Road Closures.

We will be handing out flyers this market with a map and information regarding road closure. Commencing early May, there will be no access onto Old Well Station Rd from Federal Highway. (As soon as I have a definite date, I will let you know) The section of road between Federal Highway turn off and Canberra Park (accommodation) will be closed due to road works.

All entry to the market will be via Sterling Av (MacDonald's and service station) until 5.30am Saturday. The entries off Morisset Rd (shipping containers) and the main EPIC entrance off Old Well Station Rd will be accessible. Signage and traffic management will be used to direct the public over several Saturdays; but as always, it's much appreciated if you can help spread the word to your customers. As soon as I receive more information I will let you know.

There will be 2 stages to the road works on Old Well Station Rd. This is stage 1. It is expected to take 5 months to complete both stages. Once completed, there will be a wider road, bike path as well as traffic lights at the intersection of the Federal Highway and old Well Station Rd.
