## 2<sup>nd</sup> June 2018 – Proudly Authentic

Hello everyone,

I can't believe we're in June! The months have flown by...

This week has been busy with compliance inspections. It's been interesting to see how you run your businesses, hearing your stories and how you ended up doing what you do and selling at CRFM.

Also, good to see stallholders buying produce and supporting other CRFM stallholders.

Nienke is away this weekend, so it'll just be us!

Have a great market weekend and I hope you're all doing well.

Take care.

Karen

### Market Rules...just to recap some points.

**#6.** At all times, the Committee seeks to maintain an authentic, operationally viable, safe, and sustainable Market for genuine producers selling their produce and products where stalls are attended by the producer and/or their immediate family.

**#19.** It is the stallholder's responsibility to ensure that their website product listing is accurately displayed at all times.

Any/all product/produce changes must be advised to the Market Manager and must be approved by the Committee before they can be sold.

Important: Stallholders are not permitted to sell any product(s) not included in their approved Market website product listing.

**#40.** Stallholders wanting to vary their approved website product listing must submit a Product Amendment Notification Form, available on the Market website for any/all new products for approval by the Committee before being sold, offered, or transferred within the Market precinct. Without an approved variation, stallholders will be immediately asked to remove any unauthorised product from sale. Where the variation involves growing new product, approval must be sought before sowing/planting. Approval should not be anticipated.

**#43.** Stalls must predominantly display their trading name and product pricing at all times. The price and description of all produce/products must also be displayed using either the approved (with Market logo) **Green 'Market Producer'**, or **Orange 'Agency'** and/or **Purple 'Organic/Bio-dynamic'** sourced product signs. Signage templates and actual signs are available from the Market Manager on request.
